

We purchase phone service for our use and not for unsolicited calls. Unsolicited calls are an invasion of our privacy. We are concerned that the Consumers Banker Association is attempting to weaken or circumvent Indiana's "No Call" list. We know where the banks are. If we want to do business with any of them, we know how to do that. Please do not weaken - instead, please strengthen the "no call" laws that do exist.

Thank you.

David B. Nunn, Gale Nunn, Harold Corey, Rose Betty Corey.
